

Fee collection

Q: Should we charge the end user's balances or cards?

A: We can do both: card and balance

Q: Can we charge fees instantly (right after a transaction occurs) or once a month?

A: We can do both, depending on the type of the fee.

Q: What kind of fees can we configure and can be charged from user's balance?

A: We are able to define fees per card's, balance ID, currency conversion, per period of time, per user. For more details check here <https://developer.verestro.com/books/fee-management-system>
